THE J. FREEMAN SHOE CO.

A Statement of its Affairs as Given by a Trade Journal.

A meeting of the creditors of the J. Freeman Shoe Manufacturing Co., Bloomfield, N. J., whose affairs passed into the hands of a receiver on August 16th, was held at the office in Bloomfield on Tuesday, September 12th. Creditors representing four-fifths of the amount of the liabilities, $34,000, were present in person or by proxy. A statement of the affairs of the company was given by its attorney, Mr. Birdsall, who stated its position clearly, and said that the company was organized in 1889, with a capital stock of $23,500. This, he said, was too small a working capital for the business that was being done, and necessitated the company's borrowing money from its bank continually. However, affairs progressed smoothly, and the company were making money until the late financial cyclone struck them, when in one week they lost $8,400 by failures of customers, whose notes they held, and on which they were calculating to raise money. During the same week $4,000 worth of shoes were returned to them, with no excuse, save that the customers could not afford to take them, considering the financial prospects. This loss of $12,400 (for it all represented a loss to the company) was too much for them, considering the amount of their working capital, and they thought the best thing to do was to put the company's affairs into the hands of a receiver. Subsequently this was done. The attorney also cleared up a rumor which had been circulated to the effect that Salomon & Phillips's claim was secured by assigned accounts. There is not a word of truth in the statement, Salomon & Phillips being in the same boat as all the other creditors. The statement was evidently started by some one with malicious intent.

The attorney also thought it due Mr. Bang, the treasurer of the company, to have the creditors know how he had acted since he became treasurer of the company. We are constantly reading of [illegible] saving on short [illegible] money as they could lay hands on, and leaving for parts unknown. But Mr. Bang was an entirely different person. Every time the company became pressed for money Mr. Bang's hand went into his pocket and made up the deficiency. He did this from time to time, until the firm owed him $6,475. He thought that he had gone about as far as he could go, and of course, when the great loss of $12,400 came, the company was deprived of one source of help that they had been accustomed to rely on. Mr. Bang's manner of acting ever since he became connected with the company, which dates back to 1889, has been of the most honorable character, both to the company and the creditors. He owned one-third of the stock, and the above amount is what he put in, in addition to what he paid for his stock.

M. S. Barnet was appointed chairman of the meeting, and H. J. Bang, secretary.

B. J. Salomon of Salomon & Phillips, B. G. Salomon, M. S. Barnet of J. A. Barnet & Bro., Eugene Sanger of Studwell, Sanger Leather Co., and Mr. Baker of Eagle Tanning & Lasting, were appointed a committee to thoroughly investigate the affairs of the company and report within a few days what proposition of compromise would be just for the creditors to accept. During this time the president of the insolvent company was to make a proposition to the creditors as to what he thought the company could do. The committee had several meetings, investigated thoroughly the books and affairs, but was not satisfied with the proposition of the company, which was a compromise of forty cents, payable in four, eight, and twelve months notes, endorsed by good security. The committee's opinion of the matter was that the company could pay fifty cents, and insisted on that proposition. At a meeting held on Monday, September 18, at which the representives of the company were present, a compromise of fifty cents, payable in four, eight, and twelve months notes, endorsed by good security, was accepted by the committee on behalf of the creditors, as soon as the necessary papers can be prepared the receiver will be relieved. The company will at once reorganize with increased capital, and the prospects now are that their efforts will be attended with more success than in the past. The creditors of the company generally favorably disposed to it, and it will commence business again with the best of wishes from all of them.—*Boots and Shoes Weekly.*

Autumn Thoughts—A Visit to Cambridge.

'Twas the autumn of the year and of his life,
The spring and summer had passed. It seemed a dream
Like all his hopes. The rustling leaves
Beneath his feet gave forth a harsh and grating sound.
As if complaining that they, too, dreamed of life,
But only now on earth are found.
No longer green or making music for the wind
They are at his mercy driven upward to the sky
Then swept relentlessly to the earth again to find
Rest,—purchase beneath the drifting snow to lie,
But thoughts like these, to himself, he said,
Must find no place within to dwell,
Then with quickening steps he hied
To where the master poet lived and died.
How well he knew that he who dwells beneath his roof
Ever silent, yet in constant converse with his soul,
Would chide him for thinking thus of life
With the words, "Be a hero in the strife."
At last the gate is reached and with trembling fingers he
Gently raised the latch that he might enter unheard.
Within that hallowed space where the poet oft had trod
Musing the life of earth, of heaven, of God.
There stands the place Longfellow called his home,
Where he tarried for a while, though his soul was far away.
Far above earth, away in Heaven's wide dome.
Now 'tis the home of a million hearts to-day!
Upon the door a ring of brass glitters in the sun,
But who could dare to hope to enter there?
Who dare to knock? For but now the deed is done
The door has opened, behold the old oak stairs,
There—think of his up the stairs it stands" the old old clock,
And points and beckons with its hand,
"Welcome welcome give or does it mock
Like its friend, the hourglass, with the shifting sands?
Here is the table at which the bard so often sat,
Bowed as the world he thought so good and fair.
There stands the chair to him by the children given,
An offering of love for thoughts of earth and heaven.

From out that window he has seen thee, "distant River,"
Seen thy waters stealing onward like the stream of life."
Surely 'twas here that he—oh "generous giver"
"Excelsior" wrote, "That banner with the strange device."
Good-bye, old friends, shall I forget you never!
For while I live you will always have place
In my heart of hearts.
So full of sacred thoughts of him who will forever
Live in his works, and by these truth and grace
Depart.

Catarrh in the Head

Is undoubtedly a disease of the blood, and as such only a reliable blood purifier can effect a perfect and permanent cure. Hood's Sarsaparilla is the best blood purifier, and it has cured many severe cases of catarrh. Catarrh oftentimes leads to consumption. Take Hood's Sarsaparilla before it is too late.

HOOD'S PILLS do not purge, pain or gripe, but act promptly, easily and efficiently. 25c.—*Advt.*

Good Morning!

A cheery *Good Morning* often sends a ray of sunshine streaming through the innermost recesses of a household, resting there all the livelong day, and again follows hastening footsteps into the marts of business, lighting up and brightening the ways of the world as it goes.

A hearty *Good Night* often soothes many a troubled mind to rest and heals the wounds which have either come anew to a struggling soul, or been opened by the harsh words and deeds that are spoken or done in season or out of season as the daily battle of life progresses.

Good Morning! with the heartfelt wish for blessings in the tone of its utterance, cheers the heart of faint or fearful ones and softens many a hard spot that has a place by inheritance or cultivation in the breast of humanity.

The love light that beams from the eye with such good words lights many a weary spirit to a chamber of rest and peace and to a land of pleasant dreams; and words of salutation are in order at all hours of the day and in every corner of the household.

The home where *Good Morning* and *Good Night* are carefully and lovingly said to one another are the homes of the world, where good thoughts are generated, where good deeds have place, and from whence go out good lives. Apropos to the subject are those very truthful lines:

"Man is born on a battle field. Round him to rend
Of wrack, the dread Powers he displaces attend.
By the cradle which nature, amidst the storm shocks
That have shattered creation and shapen its rocks,
He leaps with a wail int. being; and lo!
His own mother, fierce Nature, herself is his foe.
Her whirlwinds are roused into wrath o'er his head;
Beneath his feet roll her earthquakes; her solludes spread
To daunt him; her forces dispute his command:
Her sea-fire fail to freeze him; her suns burn to brand;
Her seas yawn to engulf him; her rocks rise to crush:
And the lion and leopard allied, lurk to rush
On their startled invader."

Rebuked Misbehavior.

The Rev. J. M. Williams, rector of St. Paul's P. E. Church, Watsessing, created a stir in his congregation last Sunday evening by pausing in the service to admonish a severe rebuke to some boys and girls whose whispering and tittering disturbed the rector and the congregation. The rector spoke very plainly to the offenders, and his remarks proved very effective and the young people preserved a discreet silence the balance of the evening. The provocation must be extreme that compels a minister to stop in the midst of a service and admonish a rubuke, and the young people who occasioned it must feel very much ashamed when they reflect on their indiscreet conduct. The parents of the children must feel deeply mortified over the affair. The term children is used in this case notwithstanding the offenders ranged in ages from sixteen to twenty. Their infantile conduct necessitates the appellation. A distressing feature of deplorable circumstance is that girls appear to be the young womanhood here among those of the selected admonition was levelled. It is needless to enter into a particular criticism of the conduct of the girls. Their refined sensibilities, when preyed upon by a remorse that will inevitably follow serious reflections, will be productive of regret and regret that will insure against a repetition of the offence on their part. As for the young men concerned in the affair, it is feared that a severe rebuke from the pulpit will not have that forcible impression that is desired. The refinement of polite society gives an effeminate sensibility to the male mind, and nothing more brought up under its influences would keenly feel a rebuke of this kind, but alas and alack! for the absence of the polite society and its refining influences.

Saloon Licenses.

The temperance people in the township are pleased with Section No. 4 of the East Orange Improvement Association's Township Government Bill. This section provides for the manner of regulating the saloons in the township.

The anti-saloon men, who have for years conducted an unsuccessful fight against the indiscriminate licensing of saloons by the Court of Common Pleas, will approve of a law that vests the licensing power in the hands of a board of citizens elected by the people.

It is very likely that in this township a conservative law and order man would be the popular choice for President of the township. He would have the appointing power of the Excise Commissioners and would doubtless select men in harmony with his own views.

Practical politicians object to Section No. 4 as impolitic. They regard the vesting of the licensing power in the township officials as all right, but would prefer to have the members of the Excise Board elected. Under the appointive system the politicians regard it as possible for the Evangelical Union to pack the board with men who will influence the election of a Presidential candidate of radical temperance views, whose subsequent acts would cause confusion in politics.

The motives of the liquor interest in legislation may not always be commendable, but the energy and enterprise displayed is worthy of emulation.

The Subscription Dance.

The leading society event of the season will take place in Central Hall on Friday evening, January 26, when the much-talked-of subscription dance will be given by about sixty of the society men of the town. The patronesses are Mrs. W. T. Howe, Mrs. C. F. Harrison, Mrs. G. Lee Stout, Mrs. Harry E. Richards, and Mrs. Samuel W. Dufield.

Everything is being done to make the evening a thoroughly enjoyable one, and the affair promises to be one of the most successful of its kind ever given in this town.

The music will be under the direction of Edward Issler of Newark, and the supper served by Davis of the same place.

The Shoemhut Robbery.

The bold robbery at Shoemhut's shoe emporium last week still continues to be an important topic of conversation in police circles, and the police officials do not propose to let the matter rest until the criminals are behind the prison bars. The police recovered two pairs of the overshoes stolen. The thieves had sold them to a resident of this town. The officials got track of the desperadoes in Paterson, and Officers Foster and Collins went to that city in search of them. The officers arrived too late, the thieves having boarded a freight train bound for Jersey City.

High Premiums.

The regular monthly meeting of the Essex County Building and Loan Association was held on Tuesday night. High premiums were received for loans; $200 was sold at 6 per cent and $500 at 10 per cent. This latter is the highest premium ever obtained in the history of the association.

Church Finances.

The annual financial report of the Church of the Sacred Heart has been issued. The total receipts for the year were $11,438.89, and the disbursements, $12,382.23. The receipts from collections amounted to $2,645.50 and from pew rents, $2,568.75. The church debt was reduced $4,000 during the year. The mortgaged indebtedness on the church property, including the new church, the Sisters' Home, and the cemetery property, has been reduced to $28,500.

The annual financial statement of the Westminster Presbyterian Church was submitted by the trustees at the meeting of the congregation on Thursday night. The regular receipts for the year were $5,827.92, and the disbursements, $5,975.51. The church chapel was rebuilt and furnished during the year at a cost of $6,846.51. The mortgage indebtedness on the new church was reduced $5,000 during the year and is now $10,000. The total receipts from all sources during the year were $7,094.92, and the disbursements, $20,868.18. The total liabilities of the church amount to $12,993.15.

The annual financial statement of the First Presbyterian Church was submitted to the meeting of the congregation on Wednesday night. Amateur Theatricals.

The dramatic entertainment in Central Hall on the evening of February 6 for the benefit of Mountainside Hospital is looked forward to as promising one of the best amateur theatrical performances yet given in this town. "The Grey Mare" is a bright and sparkling comedy, and the cast is a talented one, and all are well drilled in their parts.

Choice seats are still to be had for the entertainment, as none of them in Central Hall are so far back that the stage cannot be plainly seen or the voices distinctly heard. A full house means much help for the hospital.

Help this effort for the sick by securing your seats now. The cast for the performance is as follows:

John Maxwell, M. D. ..... Mr. J. D. Gallagher
David Maxwell, Mus. Bac., Oxon. ..... Harry Nash
Algernon Maxwell, John's ward ..... Mr. Kenneth Duffield
Colonel Cavaban, chief of constabulary ..... Mr. Nelson Chittenden
Richard Sawick, solicitor to the Admiralty ..... Edgar L. Moss
The Count De Chevrelle ..... R. C. Villeverdi
Collins, Grey-stable keeper ..... Edward T. Howe
Stubbs, butler to John Maxwell ..... Walter Ward
Kate Sawick, engaged to John Maxwell ..... Miss Harry E. Richards
Julia, her sister, wife of David ..... Miss H. Fleming
Helene, the Count's daughter ..... Miss Florence Nash
Marie, her maid ..... Miss Virginia L. G. Harrison

A Grace Street Sensation.

Grace Street, Watsessing, is the scene of excitement which has stirred up the residents of that usually quiet street. The excitement is occasioned by the mysterious and sudden disappearance of Mrs. Mary Page Von Dillon, wife of Christopher Von Dillon, an employee of Sandford & Stemler, Jersey City.

Mrs. Von Dillon resided with her brother, George W. Page, at No. 18 Grace Street. She left home last Friday, it is thought, to meet her husband in Jersey City. Her neighbors were much surprised when Mr. Von Dillon came out from Jersey city on Saturday in search of his wife. He was in a distracted state of mind over her disappearance, and informed the police that if he could not find her he would commit suicide. He fears that his wife has wandered off and met with foul play. Officer Foster, who has had a long acquaintance with Mrs. Von Dillon, has doubts about her ability to take care of herself. The police think that the woman is in Newark.

She was found in the City Hospital in Newark on Tuesday. Her folks knew she was at the hospital. It is thought that perhaps Von Dillon was excited when he talked with the newspaper men.

Mysterious Robbery.

A mysterious robbery and the mysterious return of the booty form a story that is causing much talk in town. A few days ago there were stolen from the boarding-house of Mary Griffin, on State Street, a pair of gold sleeve-buttons and a gold dollar, the latter taken from a bracelet. The robbery was believed to have been committed by one of the near neighbors, and as a result the supposed guilty one was treated with scorn. Subsequently, according to Miss Griffin, a man, claiming to be a detective, brought back the stolen goods and said that the articles had been stolen by a young boy who had a mania for such work.

The occupants of the house are of the opinion that the alleged detective was none other than a friend of the party who stole the goods.

Rebuked Misbehavior.

The Rev. J. M. Williams, rector of St. Paul's P. E. Church, Watsessing, created a stir in his congregation last Sunday evening by pausing in the service to admonish a severe rebuke to some boys and girls whose whispering and tittering disturbed the rector and the congregation. The rector spoke very plainly to the offenders, and his remarks proved very effective and the young people preserved a discreet silence the balance of the evening. The provocation must be extreme that compels a minister to stop in the midst of a service and admonish a rubuke, and the young people who occasioned it must feel very much ashamed when they reflect on their indiscreet conduct. The parents of the children must feel deeply mortified over the affair. The term children is used in this case notwithstanding the offenders ranged in ages from sixteen to twenty. Their infantile conduct necessitates the appellation. A distressing feature of deplorable circumstance is that girls appear to be the young womanhood here among those of the selected admonition was levelled. It is needless to enter into a particular criticism of the conduct of the girls. Their refined sensibilities, when preyed upon by a remorse that will inevitably follow serious reflections, will be productive of regret and regret that will insure against a repetition of the offence on their part. As for the young men concerned in the affair, it is feared that a severe rebuke from the pulpit will not have that forcible impression that is desired. The refinement of polite society gives an effeminate sensibility to the male mind, and nothing more brought up under its influences would keenly feel a rebuke of this kind, but alas and alack! for the absence of the polite society and its refining influences.

Saloon Licenses.

The temperance people in the township are pleased with Section No. 4 of the East Orange Improvement Association's Township Government Bill. This section provides for the manner of regulating the saloons in the township.

The anti-saloon men, who have for years conducted an unsuccessful fight against the indiscriminate licensing of saloons by the Court of Common Pleas, will approve of a law that vests the licensing power in the hands of a board of citizens elected by the people.

It is very likely that in this township a conservative law and order man would be the popular choice for President of the township. He would have the appointing power of the Excise Commissioners and would doubtless select men in harmony with his own views.

Practical politicians object to Section No. 4 as impolitic. They regard the vesting of the licensing power in the township officials as all right, but would prefer to have the members of the Excise Board elected. Under the appointive system the politicians regard it as possible for the Evangelical Union to pack the board with men who will influence the election of a Presidential candidate of radical temperance views, whose subsequent acts would cause confusion in politics.

The motives of the liquor interest in legislation may not always be commendable, but the energy and enterprise displayed is worthy of emulation.

The Subscription Dance.

The leading society event of the season will take place in Central Hall on Friday evening, January 26, when the much-talked-of subscription dance will be given by about sixty of the society men of the town. The patronesses are Mrs. W. T. Howe, Mrs. C. F. Harrison, Mrs. G. Lee Stout, Mrs. Harry E. Richards, and Mrs. Samuel W. Dufield.

Everything is being done to make the evening a thoroughly enjoyable one, and the affair promises to be one of the most successful of its kind ever given in this town.

The music will be under the direction of Edward Issler of Newark, and the supper served by Davis of the same place.

The Shoemhut Robbery.

The bold robbery at Shoemhut's shoe emporium last week still continues to be an important topic of conversation in police circles, and the police officials do not propose to let the matter rest until the criminals are behind the prison bars. The police recovered two pairs of the overshoes stolen. The thieves had sold them to a resident of this town. The officials got track of the desperadoes in Paterson, and Officers Foster and Collins went to that city in search of them. The officers arrived too late, the thieves having boarded a freight train bound for Jersey City.

High Premiums.

The regular monthly meeting of the Essex County Building and Loan Association was held on Tuesday night. High premiums were received for loans; $200 was sold at 6 per cent and $500 at 10 per cent. This latter is the highest premium ever obtained in the history of the association.

Failed to Agree.

Messrs. John H. Wilson and Alfred S. Bedgley, representing Montclair, and Mr. Abbey M. Barrett, representing Bloomfield, met the Township Committee of East Orange last Thursday evening to consider the "East Orange Scheme" with a view to its application to Montclair and Bloomfield.

It soon became apparent that no consolidation action were practicable where by a general act could be framed mutually acceptable to the three towns. This was largely due to the fact that East Orange already has a special charter that meets its requirements and the proposed new act intended merely to simplify and equalize matters already have and what neither Montclair
